

MECHANISM FOR ONLINE REGISTRATION AND FORWARDING OF PPE SAMPLES FOR TESTING AT SITRA

SITRA has introduced an easy and customer-friendly system for submission of samples related to PPEs which ensures that we receive all details about you and your sample and also to ensure better tracking of your samples from the point of registration.

Please follow the following steps for submission of your samples:

On receipt of your parcel, we shall send you an acknowledgement which shall provide details of the tentative date for your sample inward for testing and also the likely date when you can get the results.
